Professional Profile

Analytical and detail-oriented Data & Business Intelligence Analyst with hands-on experience in MIS, operational reporting, data analysis, and business intelligence. Skilled in SQL, Python, Power BI, Advanced Excel, and Power Query for data cleaning, transformation, automation, dashboard development, and KPI analysis. Experienced in managing 50,000+ records covering 24,000+ retailers, building 40+ ETL transformations, and reducing recurring reporting turnaround time by 75%. Seeking opportunities in Data Analytics, BI, MIS, Reporting, or Operations Analytics.

Professional Experience

RS Operations Executive, *Banglalink Digital Communications Ltd.*
Via Interspeed Marketing Solutions Ltd.

- Develop daily, hourly, weekly, and monthly MIS reports and prepare 4–5 time-sensitive updates per hour for operational decision-making.
- Extract, clean, validate, and consolidate 50,000+ multi-source records covering 24,469 retailers.
- Build and maintain 40+ Power Query ETL transformations for data cleaning, standardization, validation, and automated reporting.
- Developed Python-based automation workflows, reducing recurring management reporting turnaround time by approximately 75%.
- Monitor KPIs for 159 Retail Sales Officers (RSOs) and consolidate data from 17 regional Distribution Houses to identify performance gaps and operational trends.
- Operate DMS processes and serve as Regional POC, coordinating with stakeholders to resolve data and operational issues.

09/2025 – Present
Khulna, Bangladesh
