PROFESSIONAL SUMMARY

MIS and Business Analytics professional with **1+ year of experience** in sales and distribution analytics, business performance monitoring, credit control, and **reporting automation in the telecommunications industry**. Skilled in Advanced Excel, Power Query, Power BI, SQL, and Python for data extraction, transformation, validation, and business insights. Managed 50,000+ records covering 24,469 retailers, 159 Retail Sales Officers, and 17 Distribution Houses. Reduced recurring reporting turnaround time by approximately 75% through process automation and optimized ETL workflows.

CORE COMPETENCIES

Analytics: Sales & Distribution Analytics, KPI Monitoring, Target vs. Achievement Analysis, Trend Analysis, Performance Gap Analysis
MIS & Reporting: Daily/Weekly/Monthly Management Reporting, Dashboard Development, Commission & Incentive Reporting
Operations: Credit Control, Credit Utilization Monitoring, Distributor Management, Credit Documentation, Cross-functional Coordination
Data Management: Data Extraction, Cleaning, Validation, Reconciliation, Master Data Management Support

TECHNICAL SKILLS

Excel: Advanced Excel, Pivot Tables, XLOOKUP, VLOOKUP, SUMIFS, COUNTIFS, Data Consolidation
Power BI: Power BI, Power Query, DAX, Data Modeling, KPI & Sales Performance Dashboards
SQL: PostgreSQL, MySQL, SQLite, Joins, CTEs, Subqueries, Window Functions
Python: Python, Pandas, NumPy, Jupyter Notebook, Git, GitHub, Windows Task Scheduler
Business Systems: DMS, Sales POS, Pretups, Inventory POS, BL Courier Platform

PROFESSIONAL EXPERIENCE

RS Operations Executive – MIS & Business Analytics **Sep 2025 – Present**
***Banglalink Digital Communications Ltd**. (via Interspeed Marketing Solutions Ltd.)* *Khulna, Bangladesh*

Sales Analytics & Management Reporting

- Prepare daily, hourly, weekly, and monthly Sales MIS reports to support management decision-making.
- Monitor sales KPIs, targets, achievement, and productivity across 159 RSOs and 17 Distribution Houses; identify achievement gaps.
- Extract, clean, validate, and consolidate 50,000+ records covering 24,469 retailers from multiple data sources.
- Process commission and incentive reports for RSOs, Distribution Houses, Business Partners, Supervisors, and Managers.

Data Management & Reporting Automation

- Built and maintain 40+ Power Query ETL transformations to standardize, validate, and automate recurring MIS reports.
- Reduced recurring report turnaround by ~75% (15 min to 3–4 min); reconciled data across sources to improve accuracy.

Credit Control & Sales Administration

- Monitor distributor-wise credit positions, outstanding balances, cheque validity, and undertaking letters via structured tracking files.
- Control credit utilization through regional Sales POS, restricting allocation when security documents are missing or expired.
- Assess payment status and credit risk before facilitating SIM, scratch card, and iTOPUP allocation.

Business Systems & Coordination

- Regional point of contact for multiple business platforms; coordinate with IT, Zonal Managers, MDOs, TOs, and distributors to resolve data issues and support DMS processes.

SELECTED PROJECTS

- **C2C Performance Monitoring & Reporting Automation** *(PostgreSQL, Python, Pandas, Task Scheduler)* – automated two-hourly distributor-level target achievement reports with hash-based duplicate suppression, email alerts, and execution logging.
- **GA Performance & Operational Analytics Dashboard** *(Power BI, DAX)* – interactive KPI dashboard for 17 Distribution Houses covering target achievement, SIM sales, and RSO productivity.
- **NEXUS – Retail Intelligence & Business Analytics** *(Power BI, DAX)* – end-to-end dashboard on sales, customer behavior, and product performance.
- **Pickaboo BI Dashboard** *(PostgreSQL, Power BI, DAX)* – analyzed revenue, customer, product, regional, and payment trends.

EDUCATION

B.Sc. in Electrical and Electronic Engineering (EEE) – University of Asia Pacific (UAP)

CERTIFICATIONS

- Google Advanced Data Analytics Professional Certificate | IBM Databases and SQL for Data Science with Python
- IBM Data Analysis with Python | HackerRank SQL (Intermediate) | Deloitte Data Analytics Job Simulation
